The triggered left is doing everything possible to make negative talking points about the @realDonaldTrump #SuperBowl ad about criminal justice reform.

They are worried. Others did nothing. Trump got it done.

It's the parents job to keep their kids away from it. No one said we'd like everything about freedom. But I'd rather parents do their job than government restricting people. I thought it was trashy, but they have the right to be trashy. I have the right to turn it off

So are we or aren't we supposed to objectify women?

Confused because this whole halftime show with millions watching is nothing but both superstar entertainers trying to get us to look at their hips and asses. And boobs apparently.

Am I wrong?

Modern Democrat politicians live in such a fantasy world (eg., healthcare for illegals) they can't perform practical tasks as effectively as the more realistic Republicans.
They can't count votes, conduct fair trials or govern.
They are driven by hatred.

According to research done by the Heritage Foundation, House Democrats drained $3.06 million on the entire impeachment process against President Donald Trump.
Let your imagination run wild on what you could spend $3M on that would improve the lives of Americans.

It's the most watched event in the World, not just the United States.. they're not hurting for any money & those boycotting honestly aren't even phasing them

My Dad's been fighting cancer for 6 years, and he's a lifelong Chiefs fan. He's waited 50 years for this. We're watching.

For all of the people thinking that folks are being too hard on Shakira and J-Lo...

Janet Jackson and Justin Timberlake were destroyed over the "nip slip" performance..

If anyone thinks that 2020 is in the bag for the President, you have no clue about the type of Big Tech censorship that is coming on social media platforms..

If the Administration and the "popular crowd" doesn't address this, it's going to be a long 9 months.. It's a real issue!

8:10 AM - 5 Feb 2020

Matt Couch @RealMattCouch 4h

It's a combination of the two, but I'm far more concerned about the censorship issues that haven't been addressed by the Big Blue Check marks and the President than I am voter fraud.

If everyone is registering 3 new voters per month now until election, we've got this!

3 87 212

Matt Couch @RealMattCouch 4h

The voter fraud doesn't matter if our message of truth doesn't get out. There are hundreds of influencers like me with large followings that are being censored. The only ones not censored are those that have been dawned with a Blue Check mark on Twitter. It needs addressed.

I find it funny you think politics is about losing, like it's a football game or something. It's our country and our lives at stake. It shouldn't be about losing, but doing what's best for our nation. It's sad and repulsive Americans are so ignorant and refuse to see beyond it

The tweet Twitter has locked @JamesOKeefeIII for was sent on Jan 22 and was a retraction request to @washingtonpost reporter @daveweigel who had INACCURATELY reported on our #Expose2020 Sanders investigation. He said subjects of our investigations were "volunteers", not true.

To prove the inaccuracy, our Tweet linked to page found on the Federal Election Commission website showing the "volunteer" was in fact a paid staffer of the Sanders campaign. @daveweigel a @washingtonpost reporter retracted his factually incorrect story

Have you ever seen a party absolutely HATE that America has become stronger? That minorities have more jobs than ever before. That people are being lifted out of poverty. I cannot even fathom this kind of pure hatred. And people want to continue to elect these snakes.

Correct, I'm more talking about how Twitter is censoring articles from Independent Media. It's apparent now that when we share from mobile devices, we only get a link, instead of the article.

Unless we share from PC or Mac. It's absurd the level of Mobile Censorship

It's been fixed now.

The voter fraud doesn't matter if our message of truth doesn't get out.. There are hundreds of influencers like me with large followings that are being censored. The only ones not censored are those that have been dawned with a Blue Check mark on Twitter.. It needs addressed.

If anyone thinks that 2020 is in the bag for the President, you have no clue about the type of Big Tech censorship that is coming on social media platforms.

If the Administration and the "popular crowd" doesn't address this, it's going to be a long 9 months. It's a real issue!

1. Dr. Ben Carson did not have a seat in this pic because he was sitting in First Class with my family

My question today is about whether or not individuals who were holdovers from the Obama National Security Council and Democrat partisans conspired with Schiff staffers to plot impeaching the President before there were formal House impeachment proceedings

The fact that the Democrats DO NOT want the people to decide the election in 2020, is all you need to know on how corrupt these people are to the Republic at hand..

Not only do they want to keep a Republican out of the White House the Swamp wants to decide which Dem wins. They don't trust even their own constituents. Too bad. From what I have learned they are out there working hard in community after community for the party.

After Iowa caucus, the Dems apparently are now manipulating who their followers will have to vote for. Beware Dems

And that's the problem with Democrats today, everyone has to be a victim. They have to be incapable of achieving or excelling, and it ALWAYS has to be someone else's fault! Heaven forbid someone proactively takes responsibility and accountability like this gentleman!

The facial expressions and head shaking is a new low for the House. Moreover, the protests of members was incredibly inappropriate. A president speaks at the SOTU as a guest of both houses.

Mitt Romney will vote for the hoax impeachment articles which means there are STILL no Republicans supporting this sham. Romney is a fraud, a fake, a phony, a coward, a chump, and a liberal. I'm horrified that I voted for this snake sell-out.

I want to know why @FBI @TheJusticeDept paid @GenFlynn to consult them in 2016... and why we cannot hear/find *anything* on it!

This is certainly exculpatory info - why do we hear NOTHING about it?

Did you get him on Non-Disclosure Agreement? That'd be right up Swamp Alley...

Rosie memos @almostjingo
Just so we're clear the @FBI was investigating Gen Flynn for "ties to Russia" (that he cleared with @ODNIgov) whilst also paying him as a consultant?

Correct, I'm more talking about how Twitter is censoring articles from Independent Media, it's apparent now that when we share from mobile devices, we only get a link, instead of the article.

Unless we share from PC or Mac.. It's absurd the level of Mobile Censorship.

This is called "jury nullification." It's when the evidence is clear but the jury believes that the law is unjust.

Jim Risch believes that it's unjust to remove corrupt politicians from office. He thinks Washington should run on bribes, kickbacks, and personal favors.

If anyone thinks that 2020 is in the bag for the President, you have no clue about the type of Big Tech censorship that is coming on social media platforms..

If the Administration and the "popular crowd" doesn't address this, it's going to be a long 9 months.. It's a real issue!

It's a combination of the two, but I'm far more concerned about the censorship issues that haven't been addressed by the Big Blue Check marks and the President than I am voter fraud.

If everyone is registering 3 new voters per month now until election, we've got this!

The voter fraud doesn't matter if our message of truth doesn't get out. There are hundreds of influencers like me with large followings that are being censored. The only ones not censored are those that have been dawned with a Blue Check mark on Twitter. It needs addressed.

Thank you for your comment. I saw that POTUS didn't shake either VP or Nancy's hands. He was prepared to give an excellent speech and his mind was on that. #NancytheRipper is a disgrace.

And, wasn't he already turning around to face the crowd when she extended it? Either way, I wish people would stop clutching their pearls over this moment.

That was my impression. The hand extension seemed to be directing him to the microphone like I would invite guests to sit on my couch. Otherwise her hand was in a "low five" position, not a "let's shake" position.

Apology is not enough, the ones involved should have to pay the price for their wrong doing like the rest of the people when we break the law. President Trump should fire Wray and get someone who will do their job.

It's a combination of the two, but I'm far more concerned about the censorship issues that haven't been addressed by the Big Blue Check mark's and the President than I am voter fraud.

The voter fraud doesn't matter if our message of truth doesn't get out. There are hundreds of influencers like me with large followings that are being censored. The only ones not censored are those that have been dawned with a Blue Check mark on Twitter. It needs addressed.

I find it funny you think politics is about losing, like it's a football game or something. It's our country and our lives at stake. It shouldn't be about losing, but doing what's best for our nation. It's sad and repulsive Americans are so ignorant and refuse to see beyond it.

I have talked to a 20+ year NYC detective who said no way in hell at least the 2 he knew personally, 1 he grew up with had seen that laptop+ doubts most if any had seen that laptop, and it infuriates him to hear these baseless claims, ask @RealMattCouch he was on the line.

No way they saw the laptop, they were detectives and officers who suicided, there would be higher ups that would have seen it.

For all of you asking why the Mainstream Media won't talk about Seth Rich you obviously haven't been paying attention to what our team has broke and reported the last 3 years...

I'm well aware of my good friend and Attorney Ty Clevenger going on OAN yesterday.

Thank you, Matt! How is it that NO ONE in the demMediaRat party (dems, media, RINOs, cares about:

1) Who has Seth Rich's laptop and what is on it?
2) Who has Weiner's laptop and what is on it?
3) Who has the DNC server and what is on it?

Ty Clevenger is a personal friend and one of the two Attorneys fighting back with me in the Seth Rich Murder cover up. He did an outstanding job, I'm well aware of what he's talking about, our teams uncovered a lot of it, including the emails between Strzok and Page about SR.

America doesn't need "a great deal more" information from Mr. Strzok. We just want him to explain the text (08/08/2016): "no, no, he won't. We'll stop him" from becoming President.

What was the Plan, Mr. Strzok? Who was in charge? Who helped.?

I challenge Brian Murphy to a debate on Fox on the lies he is spreading about us.

If he needs help maybe he can bring a few others. I'll bring Joe or Vicky or John or all of them.

Fox owes us an opportunity to respond to this attack.

I can prove what I'm saying. Can he?

The Democrat Party has given up on counting votes in Iowa. Looks like it all got computer "fried". Nobody knows who the real winner is. Maybe it's Sleepy Joe, but it's not looking that way. They lost millions & millions of dollars, all for NOTHING. But I WON Iowa big!

Never in a million years thought I'd get so emotionally attached to a President and what he's trying to do for America. The Mrs was crying in the car today listening to Rush talk about him. Pretty amazing where we are today. Pretty damn amazing.

What was the Plan, Mr. Strzok? Who was in charge? Who helped ?

Vindman was so naive and out of the loop of caring he even testified that he thought the Obama Administration gave Javelins to the Ukraine..

That never happened, but he said it did in his testimony..

That can't be true. Obama withheld all lethal aid from Ukraine. Trump reversed Obama and provided Javelin. It seems like someone like Vindman would know this being an infantry officer

My brother, who was a Hillary supporter, just announced he was voting for Trump! I've been reading about people changing parties and I didn't believe and then this. He also wants Cuomo out of NY. Evidently he has lost his popularity.

My Grandfather was in the 82nd Airborne and was a Staff Sargent. He was one of those guys that could break your hand with a handshake at 70 years old. Very decorated. He was shot multiple times during WWII, including once in the ass, us Grand kids gave him hell about that.

Every day I'm asked dozens of times "How can we help you if we can't afford to donate."

It's really simple, but people aren't getting it.

If 10% of our followers just visited our website at TheDCPatriot.com daily we would be FULLY FUNDED.

It's Free! Just Click It!

Anyone that questions their boss and tries to take him down would get fired! Being a veteran doesn't give you a pass for bad behavior at work. He should have been fired on day one. Now time to get rid of all the other hold overs.

According to Joe Capone in a 2016 Crime Watch TV Interview, and what he told the Washington Post Seth Rich left the bar around 1:30 AM on July 10th Capone claims that he offered him a ride home, or a cab and Seth Rich declined both. #SethRich #HisNameWasSethRich

At approximately 4:19 AM CIC Shotspotter reported shots fired in the area of Flagler and Northwest in Washington D.C. Six Officers responded to the shooting, and NO LOOKOUT or BOLO went out, or has ever been released by Washington, D.C. Metropolitan Police. why? #SethRich

Andrew Yang, a tech entrepreneur, touted "record-high corporate profits in this country right now."

THE FACTS: Corporate profits are high, but they're not at record levels.

This is what happens at Democrat Debates... They don't tell the truth.

Companies earned $1.84 trillion in profits in 2018, slightly below the $1.86 trillion earned in 2014, according to the U.S. Bureau of Economic Analysis.

But as a share of national income, corporate profits were 6.6% in 2018. That's down from 7.6% in 2012 and significantly below the peak of 8.9% in 1929.

Bernie Sanders doesn't scare me. He's a feeble, lazy, n'er-do-well.

What's disturbing is that people in this country would vote for what he proposes. Which is basically to destroy what the Founders entrusted us with: the Constitution, Liberty, individualism, freedom. All of it.

Thats because Major League Pitchers are not paid by the Government Bernie!!
And last time I checked Thousands of people didn't pay money to watch teachers give a Math test.
And Bernie The average salary for a public school teacher nationwide was $60,483 in 2017-2018

The Hill @thehill

Sen. Bernie Sanders: "We live in a country where major league pitchers can sign contracts for hundreds of millions of dollars. There are school districts in this state where the starting salary of teachers is less than $28,000 a year. We are going to change that."

Mitt Romney is tied to Hunter Biden's Burisma corruption.

This is why he's bent over backwards for the media with this show "guilty" vote.

Romney hurt some very good Republican Senators, and he was wrong about the Impeachment Hoax. No clue!

Kimberley Strassel @KimStrassel

Mitt Romney may think he's taking a shot at POTUS. But any real damage he causes will in fact be to Senate Rs in tough races. Schumer's goal with all this was retaking the Senate. If he succeeds, he'll hopefully remember to send Romney a thank you.

My suggestion is you spend some more time reading what you don't preach

The Democrats spent 3 years looking into "Russian Collusion" supposedly committed by @POTUS, and found nothing, because they're so worried about Communism. So why isn't there ANY interest in Sanders, Buttigieg and the ties to Russia and Communism in THEIR background?

The Fake News Media is looking hard for the Big Democrat Story, but there is nothing too fabulous. Wouldn't a big story be that I got more New Hampshire Primary Votes than any incumbent president, in either party, in the history of that Great State? Not an insignificant fact!

How's the family business in China doing Justin?

Justin Amash @justinamash
We've had many terrible attorneys general in recent decades, but Bill Barr represents a unique awfulness. He wholly endorses the surveillance state, promotes executive supremacy, repeatedly undermines the Rule of Law, and clearly views his role as that of a political operative.

There was a reality show (I can't remember which one) where a contestant said the same thing. Then she proceeded to cheat like her. But... she was caught in the end. Wish I could remember which show

They only take one or two away from me daily

They know it's enough to make me notice.

If they took 5000 from, I would no longer exist as an account
I would be in the red, owing them followers 😃

Those sites need to be prosecuted for slander and libel, they discredit other news sources. There a huge difference between that and satire.
